

Featured Farm Questionnaire

About Farm Well WI:

Farm Well Wisconsin partners with farmers, farm workers, their families, and communities to provide education, resources, and support to members of the agricultural community. Our work taps into community networks and draws upon the rural value of neighbors helping neighbors to foster supportive connections that strengthen vibrant rural spaces. Our [website](http://farmwellwi.org) (farmwellwi.org) provides information, resources, a calendar of our upcoming workshops and events, and features farms from around southwestern Wisconsin. Check out our [Facebook](#) (Farm Well WI) and [Instagram](#) (farmwellwisconsin) pages as well.

We want to feature YOUR FARM in our bi-weekly newsletter & on the website

We plan to share the information you provide below about your farm in our “Feature Farm” newsletter issue (we have one per month). Our readers have affirmed how much they enjoy reading stories about southwestern Wisconsin farms. Such stories deepen our sense of connection with one another; sharing stories of adversity, growth, and perseverance inspire others who live and work in the region. Please help us strengthen the ties between farmers—and rural community members—by sharing the story of your farm with us.

If you are interested in having your farm featured in the newsletter & on our website, answer any of the questions below (you don’t need to answer all of them).

1. What is the name of your farm and how long has your family been operating it?
2. What type of operation is it? Has it always been that type of operation?
3. When did you and/or your spouse start farming?
4. What makes your farm special? What is your favorite thing about your farm?
5. What’s the toughest farm challenge you’ve had to overcome? Are there specific experience or times in farming that have been challenging?
6. What advice would you offer a young aspiring farmer?
7. Most farmers have moments that bring them great satisfaction for example unloading the last load of small squares for the season or letting the cows onto a fresh pasture for the first time in the spring, seeing kids and grandkids on the farm. What gives you a great deal of satisfaction?
8. Most farms have a long history of recipes being passed down from generation to generation. Do you have a favorite recipe that features products from your farm? We’re looking for appetizers, main dishes, and desserts. Feel free to share more than one!
